

At Saint Joseph we have options to meet your needs. Whether your needs involve Traditional In-Ground interment, Cremation In-Ground interment, Mausoleum Entombment, or Cremation Entombment in a Columbarium.

Traditional In-Ground Interment

We Offer Choices Ranging from single to multi-grave plots with Monument and Flush-Marker options.

Monument Plot

A Monument Plot can range from a single grave to multiple graves that can have an Up-right Monument at the head of the grave site. The Monument can range in size based on how many graves are attached to the plot.

Flush-Marker Plot

A Flush-Marker plot can range from a single grave to multiple graves that can have a Flat Marker that is flush with ground level. The Marker can range in size based on how many graves are attached to the plot. Choices are 2' x 1' for a single grave or a 3' x 1' centered on 2 graves.

Burial vaults are required for all Traditional In-Ground interments – which are available through the Funeral Home.

In-Ground Cremation Interment

In-Ground Cremation Plots are available in either Flush-Marker or Monument types. They come in Single or 2 graves for cremains only.

Burial Vaults are optional for in-ground cremation interments, and are not required.

Any questions about the types of Interments/Burials and pricing

Please give the office a call, Mon – Fri 8:00 AM- 4:00 PM at (860) 589-2105

Columbarium

A columbarium is designed to house cremated remains, also known as ashes. It consists of small compartments, known as niches, where 2 cremains can be placed. Due to interior size restrictions of the niches careful consideration must be taken when selecting cremation Urns.

Niche Dimensions are, Width 12" Depth 12" Height 12".

Engraving is an additional charge Per Character; Applications must be requested and paid at the Cemetery Office – Note: All engraving is outsourced
