ALL ABOUT ME

I grew up in Meriden, CT. I attended Saint Stanislaus school for elementary/middle school and it was a major part in making me the person I am today. I received a Bachelors in the Arts at Central Connecticut State University. Then received a Masters in Elementary Education at University of New Haven. I have long term, permanently subbed, and tutored in Meriden for the past 4 years. This will be my second year at St. Joseph's!

THESE ARE A FEW OF MY FAVORITE THINGS..

Vacation: Walt Disney World
Subject: Science or Math
Food: Pizza or sushi
Book: Anything Dr. Seuss
Color: Purple

I have 2 dogs, who are my fur babies. Wall-E is an Australian Shepard and Belle is a Whipador.

CEREAL BOX

BOOK

PROJECT

Name: _____

Book: _____

Due Date: First Day

Cereal Box Book Report

Your assignment is to design a cereal related to a fictional book. You will also decorate a real cereal box with illustrations, text and even a prize inside!

Your Assignment:

1. Read a chapter book that you have not read before.
2. Create a "cereal box" book report to be shared with your classmates. Directions are written below.
3. Have fun!

You will need:

- ✓ An empty cereal box
- ✓ Paper to cover the box
- ✓ Markers or crayons for drawing a picture
- ✓ Various other materials to complete the project
- ✓ You may print your answers neatly on the paper or you may choose to use your computer at home to complete the project

Front of Box: Include the name of the cereal and a picture. Invent a name for the cereal that is related to book, yet sounds like a cereal. Do not use the exact title of the book. Choose a shape for the cereal as well as colors and ingredients that all relate to the book.

Prize: Your prize must be something the main character could have used in the book or something that reminds you of the main character. You must include a picture of the prize on the front of your box. You may actually put a prize in your box!

Left Side: Make a list of ingredients that includes the story elements (main characters and setting). Use the template on the attached sheets under the heading “Ingredients,” list the main characters and the setting and write at least 1 sentence about each.

Example) If you read the story of “Charlie and the Chocolate Factory”

Characters:

Charlie Bucket: He is a poor boy who finds the last golden ticket and wins a trip to Willy Wonka’s Chocolate Factory.

Willy Wonka: He is the lively owner of the chocolate factory who allows six children and a member of their family to spend a day at his magical factory.

Setting:

Use complete sentences to tell where the story takes place. You may find that there is more than one setting in the story. For example, if you were using the same story of the “Charlie and the Chocolate Factory” you might write:

The beginning of the story takes place in Charlie Bucket’s very small house and he shares it with his large family. Once Charlie finds the golden ticket and wins the contest, the rest of the story takes place in Willy Wonka’s amazing chocolate factory.

Right Side: Choose 4 important words from your book and write them down. Include the correct spelling and definition of that word. Use the template on the attached sheets under the heading “Glossary.”

Example)

Word: Tragic

Definition: Very sad, dreadful, unfortunate.

Back of Box: Write a one-paragraph summary that describes the main problem and how the problem was solved. Try to use words that will “grab” the reader’s attention and make them want to buy your cereal. Use the template on the attached sheets under the heading “Summary.”

Bottom of Box: The Author’s Purpose is the main reason he or she has for writing. The three basic purposes are to inform, persuade, or entertain the reader. Use the template on the attached sheets under the heading “Author’s Purpose”

TIP Use the short explanations below to help you identify an author’s main purpose.

To Inform mostly presents information or explains, like in a textbook or news story

To Persuade mostly argues a point or tries to convince, like in an editorial or advertisement

To Entertain mostly provides entertainment, like in a poem or funny essay

Top of the Box: Include the title, author, number of pages, and number of stars you would give this book if you were a book critic. Also, include your name. The maximum number of stars would be 5. Use the template on the attached sheets.

Don’t Forget!

Proofread carefully to avoid errors in grammar, spelling and/or punctuation. Cereal box must be colorful and creatively designed. Cereal box must be neatly assembled and written portions need to be easy to read!
