Middle School Summer Reading Book Report Assignment

Directions: You are to choose ONE book from the Nutmeg Book Award Nominee lists (Middle school lists for grades 7 & 8 or Intermediate 4-6 for Grade 6) or the ALSC Summer Reading List for Grades 6-8. After reading, complete ONE of the questions below. Your question must be one FULL page (that means top to bottom of page) typed in MLA format. Be sure to type the question you are responding to beneath the heading.

1. What important lesson does your character learn in the story? Use examples from the story to support your answer.
2. If you wanted to describe how the main character changed in the story, choose the event that was most important. Describe the event and explain why it changed the character.
3. Think about what this story says about people in general. In what ways does it remind you of people you have read about? Support your answer with evidence from the story.
4. Choose the part of the story that you think was most important. Use information from the story to support your answer.
5. What will your character probably do next? Why do you think so? Use information from the story to support your answer.
6. Write an entry that could have appeared in your character's journal.
7. Which part of the story was most interesting or surprising? Use information from the story to support your answer.
8. Would you recommend this book to anyone? Why or why not? Discuss the character, the main conflict or how it is or isn't resolved or how realistic the character seems in his or her quest to resolve the conflict or how the author revealed the theme through the character and his or her problem. Is this how you would have handled the problem the character has? Why or why not? These are the reasons why we do or do not like books.

However, Mel is contested by Chinese rioters as well as her own OCD, which manifests as a djinn within her mind. Joined by a Chinese boy named Vincent, Mel must overcome all that stands in her way to ensure her mother's safety.

Dear incoming 7th and 8th grade parents,

Now that the current academic year has come to a close and we look forward to summer, we also look forward to the upcoming year. It has been determined that all eighth grade students will be taking algebra during the upcoming academic year. It is requested that all students consider purchasing a TI-84 calculator. The cost can range from \$125.00 and up. Look for the sales over the summer. This machine will be used often throughout the current academic year on into college. It is suggested that parents consider obtaining the optional insurance plan offered at the time of purchase due to accidents. Please be advised that there will be a considerable amount of homework for class. (On average 30 to 40 minutes four times a week depending on the type of lesson).

I would like to also inform parents that additional work assignments found on the computer/chromebook may also be required. I look forward to working with your sons and daughters in the upcoming school year. I promise, they will be challenged.

Respectfully,

Mr. Houle

Summer Packet

Grade 8

Dear Students,

This math packet is to be completed by the beginning of the upcoming school year and will be counted as a grade. Students failing to pass in the assignment at this time will result in a zero. All students should continue to practice their times tables up to 15 in addition to taking time to practice on Kahn Academy.

Have a great summer!

Mr. Houle
